

MICHAEL FRIGON

(25147)

Parents

Karren and Gerry*

My name is Michael Frigon and I am currently playing baseball at Templeton High School in Templeton, CA. I've lived on a ranch full of dogs, horses and wild turkeys all my life and I enjoy it, but my true passion is baseball. My parents were both Div-I athletes at the University of California Santa Barbara (my dad played baseball, and my mom ran track). Last year I started as a sophomore on varsity and played outfield, batting lead-off as a switch-hitter. My game is all about speed. I run, bunt, field and pride myself in doing the little things that win ballgames. I batted .368 for the year with a .507 OBP and scored 21 runs. I was named all-league second team as well as all-county honorable mention while helping my team to its first CIF berth since it joined the Los Padres League. I am also currently playing for the Central Coast Baseball Academy Wolfpack under Pat Collins. I am a very good student, having a 4.21 weighted GPA and a 3.91 non-weighted GPA through my freshman and sophomore years of high school. My goal is to play baseball at a very good academic school, whether it's Div-I, Div-II, Div-III or NAIA. I hope to play somewhere in the western part of the United States so I'm closer to my family, but I am open to schools on the east coast as well. I love to play baseball more than anything else, but I understand the importance of a good education so that some day I can have a successful business like my father. I am a student of the game, and my best quality is that I will find a way to get on base and make things happen. One day I'd like to be known as the guy who works hard in everything he does --on and off the playing field--to help his team win.

**Gerry Frigon is of the lineage of Joseph (Jo), branch Simon Joseph.*
